Lorne, Victoria

Supervision:

Larisa is a Supervisor, Counselling and Clinical Psychologist with over twenty-five years experience working in private, organisational and public health settings. She offers individual supervision and mentoring for psychologists, therapists and executives, working in health and mental health fields. Consultations provide a safe, authentic and collaborative relationship to assist supervisees to identify their goals, challenges and areas of growth. Working with the conscious and unconscious material, the narratives and systemic relationships that are activated in their work, Larisa assists her clients to cultivate consciousness, clarity and presence and to develop their most integrated selves in their personal and professional lives.

About Larisa:

Larisa has extensive experience in Depth Psychology, Mindfulness practice, Narrative, Systemic, Buddhist, Cognitive Processing and Creative Arts methods. She is a specialist in Trauma Therapy and Transpersonal Psychology.

Larisa is also a writer, Creative Researcher and artist; her publications, creative research, and professional experience are detailed on her website.
